— On-shelf Facing & Layout Expert —

OFL – Expert in Smart Shelf Merchandising

Established in 2014, OFL is a national high-tech enterprise and a certified “SRDI” expert (Specialized, Refined, Differentiated, Innovative) in retail display solutions.

OFL stands for On-shelf Facing & Layout - keeping products perfectly front-facing, visible, and accessible. Since our inception, we have focused exclusively on gravity shelving systems, making OFL the industry synonym for this technology.

Zhuhai Headquarter

Qingdao Factory

Qingdao Factory

Qingdao Factory

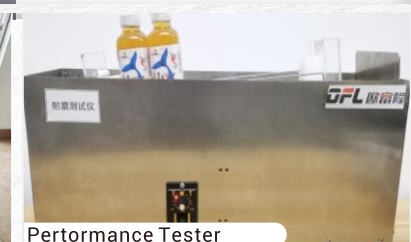

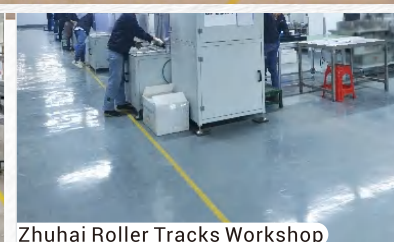

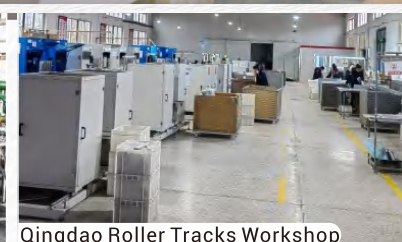

Global Service Network

OFL has three production bases including Zhuhai headquarter, two Qingdao factories, with a plant area of 45,000 square meters. At the same time, we have set up seven sales offices and promise to arrive at the place designated by the customer within 24 hours in China.

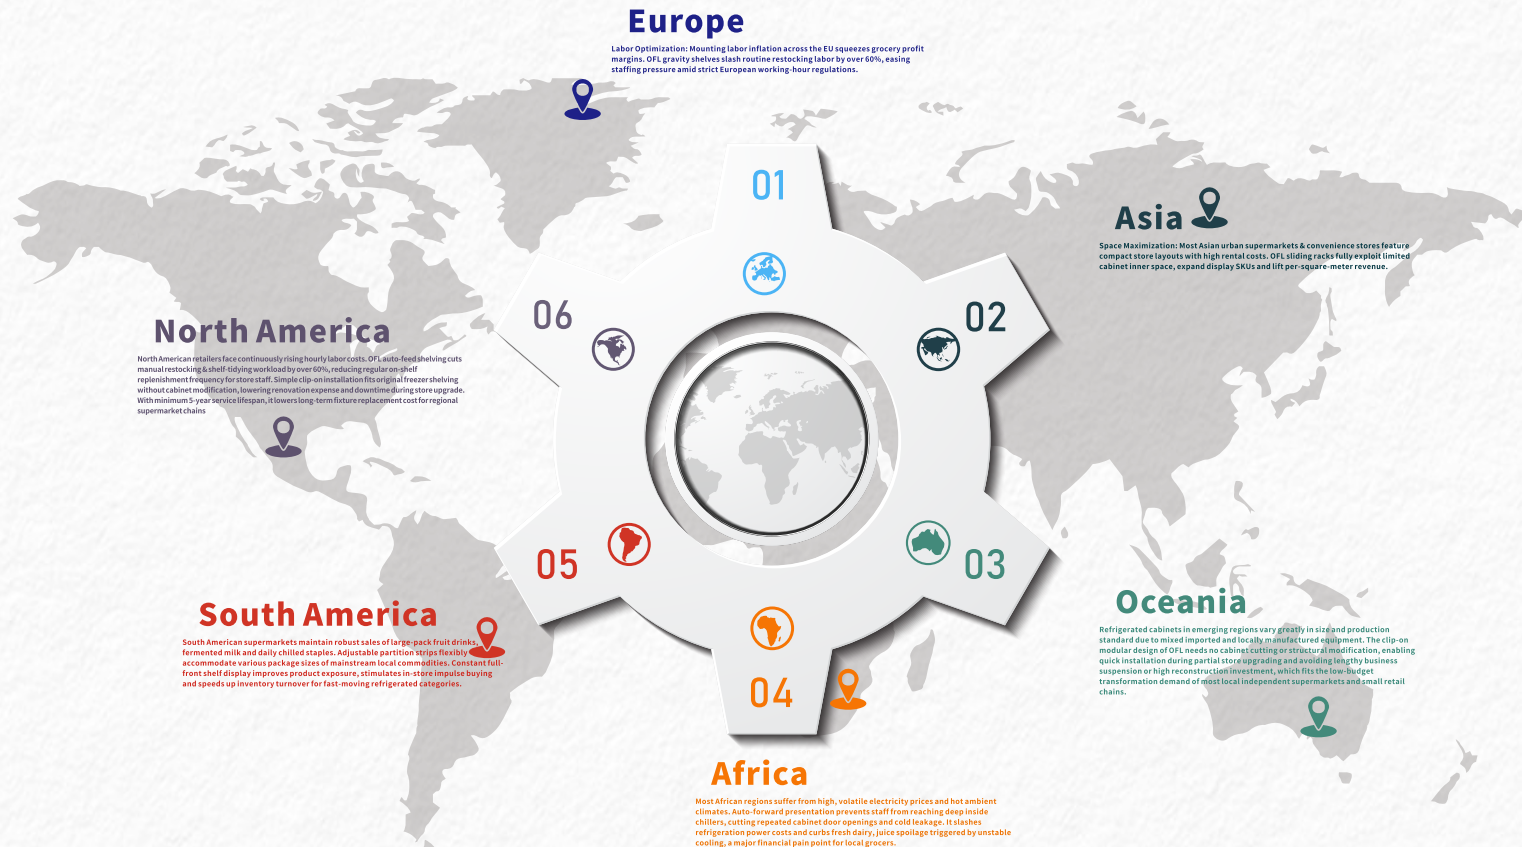

Since 2009, OFL has developed over 300+ patents (domestic and international). OFL has been named as Guangdong Intellectual Property Advantage Enterprise, maintained National High-Tech Enterprise status continuously since 2017.

Automated Workshop

OFL have 22 roller-shelf production lines, 20 injection molding machines, and 70 fully automated welding machines, delivering a daily output of 20,000 roller tracks and 20,000 cooler shelves. High efficiency controls each part of production, and makes sure in high production and high quality.

Authoritative international certifications, advanced production equipment, and a rigorous management system from raw materials to finished products – deliver the highest industry test standards.

MAIN PARTNERS

— TRUSTED COOPERATION FOR WIN-WIN DEVELOPMENT —

OFL serves supermarkets and convenience stores around the world.
